

# Add a Letter to Make a Word

Use the clues to help you. If you add **t** to **win** then you can make **twin**.  
The first one has been done for you.

- |     |               |                                 |
|-----|---------------|---------------------------------|
| 1/  | <b>f</b> lies | common insects                  |
