ceiling

This is a ceiling light. It hangs from the ceiling.

Can you draw in the ceiling?

This should be a straight line.

Be careful because the light must hang from it.

Notice the **ei**.

We have learnt several **ie** words.

They all have the long eeeeeeeee sound.

- Say them and hear this eeeeeee sound.
- **ce**iling sounds like **chie**f, **belie**ve, **mischie**f and **handkerchie**f but the **ie** has been swapped around and becomes **ei**.

Can you see this? Tick here if you can:

☐

Look at these two ei words:

**re**ceive **ce**iling

Draw a ring around the **ei** in the above words. Notice the blue **c**.

**Important Rule - i before e except after c in the long eeee sound.**

I can spell *ceiling* and *receive*.
