

Quadrilaterals ~ Second Attempt

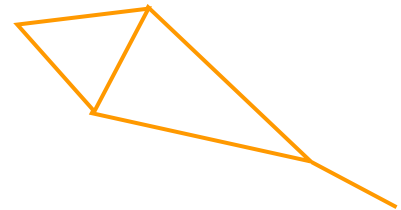

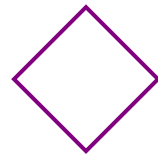

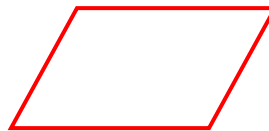

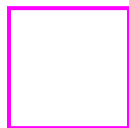

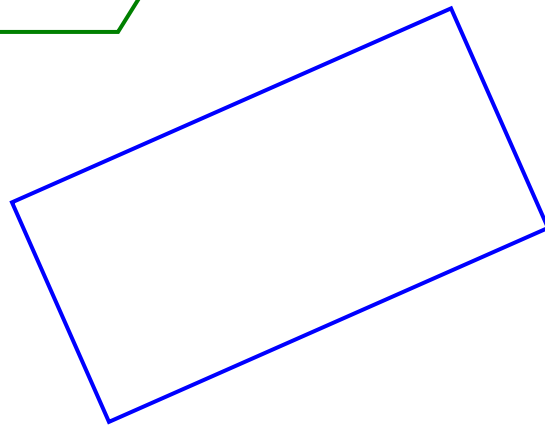

A **quad**rilateral is a shape with 4 sides.

Quad means four

Lateral means lines or lines

They are:

1. A square
2. A rectangle
3. A kite
4. A rhombus
5. A parallelogram
6. A Trapezium

- Join the names to the correct shape.
- Draw the tail on your kite.
- Can you see how a kite is made from two triangles?

Learn the spellings of the shapes on the lines below:

I am brilliant at quadrilaterals!
